

[Latin America]

In L.A. the Soviets ^{are} intensifying their exacerbation of anti-U.S. sentiments to a maximum degree, with a view to isolating the U.S. from her long-standing allies & friends. To this end the Soviets, with Chinese Communist cooperation, have: organized a hemisphere coordination mechanism including CPs from Canada to Argentina; stepped up training of current & future leaders; increased direct contacts (in Moscow & L.A.) with C's representatives; urged CPs to emerge & fight (successfully) for freedom of action; inspired the intensification of the "fear" campaign to undermine the relations of L.A. countries with the "war-mongering," "imperialist" U.S.; taken steps to place emphasis on ~~the~~ international & nat'l Communist front infiltration of the political elite, youth, students & journalists; taken steps to "improve" infiltration of the trade union movement; and called L.A. CP leaders to a special conference in Moscow this month at which the 1959 anti-U.S. action program for L.A. will be worked out.
